ABOUT ME

Motivated Software Engineer with a strong academic foundation and proven coding skills, seeking to leverage my skills in a dynamic role. Possessing one year of internship experience where I gained practical experience in Full Stack Development. I am eager to contribute to innovative projects, collaborate with talented teams, and continue learning in a professional software development environment.

EDUCATION

2022 - 2026

St. Joseph Engineering
College, Mangalore

Bachelor of Engineering

Currently pursuing an engineering degree in CSBS (Computer Science and Business System), demonstrating strong academic performance with an 8.9 aggregate CGPA.

2015 - 2022

Jawahar Navodaya
Vidyalaya, Mangalore

High School and Pre-University

Achieved strong academic results in CBSE from Jawahar Navodaya Vidyalaya, Mangalore: 10th (84%), 12th (92%).

EXPERIENCE

2024 - 2025

Hexmos

Software developer Intern

Over the past year, I have actively developed and tested numerous APIs using Django and Go, employing Postman for thorough API testing. I also contributed to the frontend development of a mobile application with React Native and Expo. My skillset includes familiarity with Redis and PostgreSQL for data management, and web development with React.js.

SKILLS

- Web Development
- Python (Django)
- Golang
- React
- Git
- JavaScript
- Tailwind
- Expo

PROJECTS

- Sentiment Analysis Web Application - React.js, FastAPI
- Real-time Polling Website - React, Django
- Personal Portfolio Website - Next.js
- Implemented key features such as leave management and notifications, utilizing Golang and Redis
